Education

Baylor University

PhD in Statistics, GPA 3.94/4.00

Waco, Texas

July 2023 – Present

South Dakota State University

MS Mathematics - Statistics, GPA 3.68/4.00

Brookings, South Dakota

Aug 2021 – May 2023

University of Cape Coast

Bachelor of Education(Mathematics), GPA 3.90/4.00

Cape Coast, Ghana

Aug. 2016 – July 2020

Research Interest

Bayesian Methods for Underreported Count Data and Subgroup Analyses in Clinical Trials, Computational Statistics(*Clustering & Classification*)

Work Experience

- **Statistical Consultant** Summer 2025 - Present
Alcon Pharmaceutical & Baylor Statistical Science Collaboration Waco, Texas
Developing simulation studies to quantify subgroup selection bias
- **Graduate Teaching Assistant** Fall 2023 - Present
Baylor University, Department of Statistical Science Waco, Texas
Lead weekly supplemental instruction (SI) for Introduction to Statistical Methods
Implement student-centered approach to boost students confidence in communicating ideas
Maintain attendance records for each SI session
- **South Dakota State University** Brookings, South Dakota
Graduate Teaching Assistant, SAS programming Spring 2023
Graduate Teaching Assistant, College Algebra; Mathematical Reasoning Fall 2021 & Fall 2022
Graduate Teaching Assistant, Introduction to Statistics Spring 2022
Offered personalized code reviews and feedback to students SAS projects
Led discussion sections for recitation and supplemental labs
Graded students' tests, class activities, and online discussions
Proctored Exams
- **MIS Analytics Intern (Risk Management Team)** Summer 2022
First Premier/Premier BankCard Sioux Falls, SD
Comparative analysis of PREMIER best time to call accounts versus neustar's best time to call accounts of defaulting customers
Created a Power Bi dashboard showing call center employee attrition from 2018 to 2021
Collaborated with interns from other departments to investigate call center employee attrition, proposed solutions, and presented results to top-level management
- **Teaching Assistant** Fall 2020 - Summer 2021
University of Cape Coast, Department of Mathematics Cape Coast, Ghana
Reviewed concepts in Ordinary Differential Equations, Further Calculus with students during tutorial sessions
Conducted personalized help sessions for students with difficulties grasping some of the concepts
Graded Students' assignments and quizzes, and entered scores into Excel sheet
- **Field Experience in Teaching Core and Elective Mathematics** Fall 2019
Adisadel College Cape Coast, Ghana
Prepared lesson plan, and delivered lesson to students during instructional hours
Held help sessions for individual students during office hours
Graded students's quizzes and assignments

Projects/Research Experience

- Covariance-based clustering for classification (Master's Research Paper)
- Tracing the source and brands of small arms propellants; Classification and inference techniques on unexploded improvised explosive devices(IEDs) and recovered particles of exploded improvised explosive devices(IEDs)
- Dry beans classification and price prediction
- Exploring different time series models using South Dakota temperature data
- Causal inference on the relationship between grain yield and seeding rate using data from 2017 - 2020
- Regularized regression versus ordinary least squares; Model comparisons using WHO's life expectancy data

Conference & Presentation

- International Indian Statistical Association (IISA) 2023 Annual Conference (Student Poster Presenter)
- South Dakota State University 2023 Data Science Symposium(Chaired the Methods in Statistics and Data Science Session)
- South Dakota State University 2022 Data Science Symposium(Attendee)

Skills & Competencies

- **Programming:** R/RStudio(including Rmarkdown, Quarto for document preparation), SQL, Python, SAS, PowerBI, basic experience with *zsh shells, html and css*
- **Git/Github, Docker** (Basic knowledge), **L^AT_EX**
- **Non-technical skills:** Strong analytical skills, effective communication skills, problem-solving, knowledge transfer-ability and responding appropriately to feedback

Awards & Achievements

- 2023 SDSU Data Science Symposium Students' Poster Presentation Competition- Second Place (Graduate Level)
- SDSU Graduate School and American Statistical Association Travel Award for 2023 IISA Conference in Colorado School of Mines
- GRASAG-USA Certificate of Appreciation as a CV-SOP reviewer for prospective Ghanaian students seeking US graduate school admission
- Asene Manso Akroso District Assembly Scholarship for Outstanding University Students - 2019/2020

Membership & Professional Association

- | | |
|------------------------------------|--|
| • American Statistical Association | • Society for Industrial and Applied Mathematics |
| • Apostolic Professionals Network | • Royal Statistical Society |

Leadership & Volunteering Experience

- Volunteered for both 2022 and 2023 South Dakota State University(SDSU) Data Science Symposium
- SDSU International Students Diplomat to welcome and provide guidance to new students in Spring 2022
- Long jump field official for PREMIER BankCard and the City of Sioux Falls, SD Track and Field Meets
- **Deputy Secretary**, The Apostolic Church Ghana Students and Associates, University of Cape Coast Chapter

Interests & Hobbies

Volunteering, Nature photography
